

# Week 9 Lab

---

<b>Due</b>	Oct 23, 2022 by 11:59pm	<b>Points</b>	100	<b>Submitting</b>	a file upload
<b>File Types</b>	html, java, jsp, and zip		<b>Available</b>	until Oct 23, 2022 at 11:59pm	

---

This assignment was locked Oct 23, 2022 at 11:59pm.

Please deploy your application on CS3, and package your project in a zip file and submit it to Canvas. Please also create and submit an HTML file *lab9.html* which contains a hyperlink to your application on the CS3 server.

---

In this assignment you are going to continue to work on the art school application started in Homework 1. *All features described in previous homework must work properly; otherwise you may not receive any credit.*

(100pt) Modify the application so it uses MVC architecture. In particular:

- Requests should always be sent to controllers, not directly to views.
- Servlets do not generate HTML content.
- No Java code in JSP, i.e. no JSP expression (`<%= %>`), JSP scriptlet (`<% %>`), or JSP declaration (`<%! %>`).
